Improve your ability to lead people and increase performance by achieving an inclusive climate through systemic equity.

Supporting Systemic Equity is an experiential workshop that asks thought-provoking questions and brings an action-orientated approach. Through a lens of openness and honesty, the session aims to create trust and encourage creativity within the group, leading to meaningful dialogue and effective teamwork.

Utilising a practical & interactive approach, this session led by **Team Triad** will help DoD participants to become aware of their blindspots, have different kinds of conversations, raise awareness, challenge the status quo and champion systemic equity within the USAF and beyond.

Key Takeaways:

- Recognize the importance of empowerment & equity
- Explore practical steps to make a positive impact
- Understand what it means to be an ally
- Raise self-awareness
- Build inclusive & supportive environments
- Develop conscious & intentional communication
- Build relationships based on trust & accountability
- Lift others up by advocating
- Learn in relationship
- Have fun!
